

# PATHWAYS to the TRADES

## ACADEMIC AND CAREER PREPARATION

### What is Pathways to the Trades?

**Pathways to the Trades** allows you to explore if a career in skilled trades is right for you. During this **FREE** four-week program, you'll have the opportunity to complete full-day workshops and learn about academic requirements and available career opportunities.

The Midland Campus offers exceptional apprenticeship and skilled trades training:

#### MATH SKILLS

- Measure in both imperial and metric systems.
- Understand fractions, decimals and percentages.
- Apply equations, ratios and proportions.

#### COMMUNICATION SKILLS

- Navigate difficult conversations.
- Complete workplace forms.
- Read and interpret documents.

#### COMPUTERS AND WORK PLANNING

- Conduct efficient job searches.
- Enhance and tailor resumés.
- Search the internet effectively.

*This **FREE** program is available to individuals 18 years of age and older who meet eligibility requirements.*
