ACADEMIC AND CAREER PREPARATION

Math Ramp Up

Gain the confidence and math skills you need to succeed in your college program.

Math Ramp Up is a FREE comprehensive online refresher course that emphasizes problem solving in a guided, collaborative learning environment and focuses on core math, algebra and technical math.

This course will be invaluable for students entering programs such as Business, Computer Programming, Electrical Engineering Technology, Honours Bachelor of Science – Nursing, Practical Nursing, Veterinary Assistant, Veterinary Technician, and many others.

Course content and goals

- Review all basic operations through problem solving, including whole numbers, order of operations (e.g., BEDMAS), geometry and more.
- Build confidence with fractions, decimals, percentages, ratios and proportions.
- Use algebra to solve quadratic equations, systems of equations and rearrange formulas.
- Graph linear equations: slope, intercepts and rates of change.

Start anytime! Complete online with instructor support.

May 26 to July 28
Tuesdays | 6 to 9 p.m.
