ACADEMIC AND CAREER PREPARATION

RAMP UP to PRE-APPRENTICESHIP

Gain skills needed to be successful in pre-apprenticeship programs.

Academic and Career Preparation (ACP) offers FREE upgrading courses in a variety of subject areas, including math and English.

Be ready for the next intake of plumbing, electrical, marine, welding and small engine pre-apprenticeship programs!

- Gain confidence to return to the classroom
- Experience a welcoming and supportive environment

These **FREE** courses are available to individuals 19 years of age or older who meet the eligibility requirements.

"As the mathematics instructor and pre-apprenticeship co-ordinator I have found that students who take advantage of Georgian's Ramp Up to Pre-apprenticeship math course have a leg up on their classmates. The program not only helps ensure students have the level of math they need, it also helps get them into the mindset of studying again, especially for those who have been out of the classroom for an extended period of time. It's a great bridge from high school or work to the college environment and helps ensure success in college life."

Jason Skinner | Pre-apprenticeship co-ordinator and instructor
