ADDITIONAL INFORMATION

It is required that students have Level HCP CPR and Standard First Aid upon registration to the program (online courses are not acceptable). It is the student's responsibility to renew their Level HCP CPR certification annually while in the Program. Students are asked to submit a copy of their current Level HCP CPR and Standard First Aid certificate before classes begin. Applicants must have an up-to-date immunization record in compliance with the Public Hospitals Act. Completion and submission of this record is required during registration in order to ensure your placement in clinical and field placement facilities. A Hepatitis B vaccination is required for your own safety. It may be obtained at a reduced cost through the student insurance plan.

TEXTBOOK INFORMATION

Once a student has registered for their courses, the booklist will be available on their Banner account. Students are encouraged to check their booklist and to purchase them prior to the start of classes. Booklists are generated from your list of registered courses; as a result, if the student has not registered for courses, they will not be able to view their booklist. Students should expect to pay between \$1,000 - \$1,500 for textbooks over the course of this program. Students can watch the following informational clip on how to find and purchase their textbooks:

Students are able to withdraw without academic penalty until approximately 11 weeks into the semester. Exact dates to withdraw without academic penalty are available upon request via email to BetterJobsOntario@GeorgianCollege.ca.
