

Part-time Program Delivery Schedule
Protection, Security and Investigation (PSIN)
Ontario College Diploma
Fall 2026 intake

Graduation Requirements: 15 Program Courses, 2 Communications Courses, 3 General Education Courses, 1 Internship

Welcome to the program! We have a sequencing of courses for you to follow.

The recommended sequencing is set for a student starting in Fall 2026. Note for this program that part-time students take courses with full-time students. We do not schedule separate part-time evening or online courses.

If you are following the sequencing, each semester you will take the recommended courses. However, you may choose alternate courses (as long as pre-requisites are met) if the recommended course time/day does not suit your schedule.

Refer to the program outline on our webpage ([linked here](#)) for a full list of the program courses and when they are available. Each course in the program outline links to a pop-up course description box.

You can connect with our program coordinator, Steven Waller, to discuss the best courses to take.
stephen.waller@georgiancollege.ca

NOTE: you may be eligible for prior learning assessment (PLAR) to use towards course exemptions with your work experience. If you are transferring credits or using prior learning, connect with Steven Waller to discuss your work experience and course selection based on proposed PLARs.

Part-time students:

- can take a maximum of 3 courses in a semester
- can vary the number of courses they take every semester (1, 2, or 3 courses)
- can take one semester off per year.

How to use this document:

Semester column is a reference column and refers to the semester offered in the full-time program

Course Code and **Course Name** are how we identify the course you need to take.

Term Offered shows the term (Fall/Winter/Summer) when the course is offered online (when you should take it).

Recommended Course Sequence PSIN diploma program			
Semester	Course Code	Course Name	Term Offered
